Airsoft is great to get your adrenaline pumping.

Airsoft is a battle style computer game brought to life.

Airsoft is a community and something you can really be involved in.

# WHAT DO I NEED??

# HOW CAN I GET INVOLVED?

Most sites require you to be age 12 or over. To buy a replica gun (black airsoft gun) you must be over 18 and have a valid form of defense such as UKARA. If you do not have a valid defense you can still buy a gun, provided you are over the age of 18, but some parts of the gun will be two toned.

If you are under the age of 18 you would need a parent to buy the gun for you and it would need to be two toned.

To become UKARA registered you must be aged 18 or over. The requirements to register with UKARA are that you must play at least three games AND you must have been playing airsoft for a minimum of two months. This is the same for any form of defense and is governed by the VCRA Act.
